

Dear Sponsors and Exhibitors,

The Japan Pest Control Association (JPCA) in association with the Federation of Asian & Oceania Pest Managers Association (FAOPMA) is proud to invite you to be a Sponsor or an Exhibitor at FAOPMA-Pest Summit 2022, to be held in Kyoto, Japan over 6-8 November 2022. The conference will be held as a hybrid event, and will include 37 presentations showcasing some of the greatest speakers in the world. Plus, as a world's first, a symposium focusing on Climate Change and the pest control industry will be held, the location being significant, the Kyoto International Conference Center, which was the site of COP3 and where the Kyoto Protocol was established. All talks and the symposium will be live broadcast and translated into numerous languages for the online delegates.

The conference theme "Pest Management in the Ever Changing, Borderless World", is designed to provide tools, knowledge, and a network opportunity for delegates and stakeholders. The meeting will help the pest management industry to continue to adapt and lead amid our highly interconnected and continuously changing world.

FAOPMA-Pest Summit 2022 will be the first in-person Pest Summit since the pandemic. As some delegates are still unable to travel due to their countries' restrictions, we decided to hold a hybrid style conference. **We are allowing for 500 'in person' delegates and 500-1,000, or more, online delegates**, maximizing the exposure of our sponsors, presentations, and exhibitions.

A draft program is always updated on the event website www.faopma.com/2022 as more sponsors and speakers are confirmed. The sessions are carefully designed to suit the theme of the conference and are presented by distinguished industry leaders. The speakers will include internationally renowned researchers/educators, government agencies, pest management suppliers/manufacturers and pest management company directors from around the world. This includes Drs Bobby Corrigan, Dini Miller, Faith Oi, Chow-Yang Lee, Michael Rust, and Partho Dhang, to name but a few of the leading experts in the field of urban pest management that will be presenting.

Bookings for Sponsors and Exhibitors are now open and our **deadline is on 30 June, 2022**. However, due to the high demand and the limited sponsor and exhibitor slots, the bookings are on a first come, first serve basis. **We are expecting to fill all slots much earlier than the deadline**. We recommend expressing your interests early.

For more information or booking inquiry, please submit your inquiry here:

FAOPMA-PEST SUMMIT 2022 KYOTO INQUIRY FORM <https://pro.form-mailer.jp/lp/3aab8f3f256718>
